Sara, thanks for following up with me on this. Next week looks pretty bad for me, too, and I'm out of town Oct. 19-22. How about the afternoon of Oct. 23? If not, my schedule is wide open the week of Oct. 26.

Hello, Jimmy.

Thanks for the inquiry on the WY WQS. I'd be happy to discuss with you and I would like to include my colleagues in R8 in our discussion. I'll need to coordinate calendars and I'm out most of next week but I'm sure we can figure something out. When might work for you?
Thanks, Sara

Subject: RE: Question

Sonia,

I believe Sara Hisel-McCoy or Evelyn Washington would be the correct people.

Subject: Question

Octavia,

Jimmy Hague is one of our primary contacts with the Theodore Roosevelt Conservation Partnership. He would like to speak with EPA about the below issue.

Who's the best point of contact? Thanks! Sonia

Subject: RE: OW TRCP Meeting, Wednesday, October 21, 2015,

On a different matter, I am tracking the Wyoming Department of Environmental Quality's effort to reclassify streams in the state from primary contact recreation to secondary contact recreation under the Clean Water Act. I have heard concerns about this process from sportsmen in Wyoming and would like to see if there is anyone at EPA I can talk to about it. EPA will have to approve Wyoming's plan before it becomes effective.

Jimmy
